PATRIOTISM

Patriotism is is our pride,
We should show ourselves and not hide,
Breathes there the man with soul but dead,
Who never to himself hath said,
Holding our flag in my hand
The feeling of being in her land
Taking the first step towards her
Waving the tri-colour in pride
May the soldiers rest in peace,
And their family may take it ease.

இயற்கையை வளர்ப்போம்

எனது பிறப்பு அழகு என்று நினைத்தேன்
அதைவிட

இயற்கை அழகாக தெரிகிறது

மனிதன் துன்பங்களை தாங்க முடியாமல்

-இயற்கை எய்துகிறான்

இயற்கையோ துன்பங்களை மட்டுமே சுமக்கும்

ஒரு அழகிய தாய்

என்னை பெற்ற தாயைவிட

என்னை சுமக்கும் இயற்கைத் தாய் அழகானவள்

இயற்கையோ நம் மீது அன்பு கொள்கிறது

நாமோ இயற்கையை வெறுக்கிறோம்

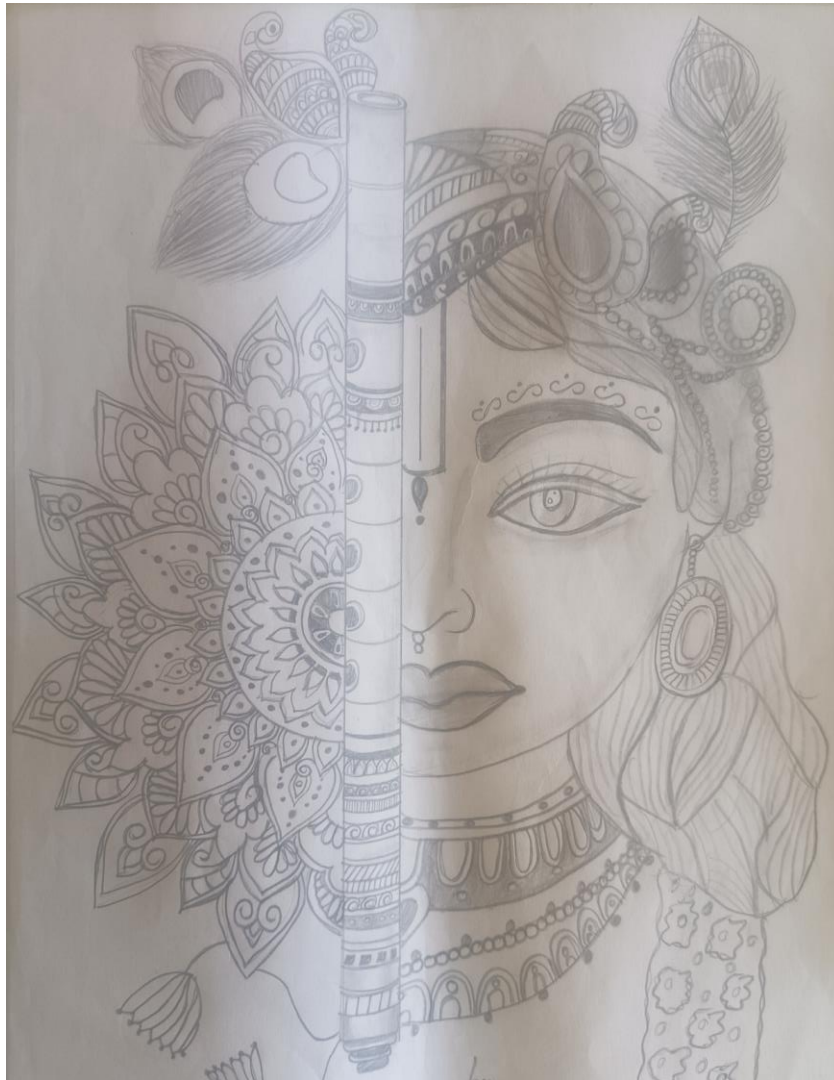

அது ஏனோ!

PATRIOTIC FEELING

Patriotism is a feeling of love, devotion and support for one's country. A person who loves their country and is willing to do anything for it is known as a patriot. Each of us should have this feeling in us before independence patriots, and our freedom fighter, fought for our country's freedom.

The freedom fighter didn't think about their own lives but about the country. They considered their country as their motherland, and they loved her like a child's love for their mother. Our soldier's love for the country is always commendable.

Common citizens like us can live in peace only because the soldiers risk their lives to safeguard our country. Every person should love their country. There are different ways to show our love and respect for the country, like honesty, keep our city clean.

Patriotism is defined as a strong affection for one's nation. The virtue motivates citizens to labour selflessly for their nation and improve it. True patriots make up a genuinely developed country. In other words, patriotism entails first thinking for the country's interests and then thinking.

OLD SCHOOL DAYS

It all started as being a toddler,
Getting dress and going to campus was never,
Done by ourselves,
An appreciation to those mothers, fathers and nannies
Back then;
The struggle of learning had just begun,
We got whipped, punished and bullied.

All of those became impactful at high school,
Waking up at earlier hours and going to campus,
Realizing the importance of school,
We weren't told to wake up at night to study,
We knew what we stand for,
And studying was the only way.

The journey out of school was long but worth,
There were days we got boxed but kept pushing,
It taught us not only academics,
But morals as well,
This had shown me that life isn't static,
But dynamic,
Leaving us with lots of memories to cherish,
All I do now is sit back and reminisced.

Gone are those days...
